

SUMARIO

Preface, por C. J. DABRIO, C. ZAZO y J. L. GOY.....	11
Plio-Pleistocene slope construction off western Nova Scotia, Canada, por E. UCHUPI y S. A. SWIFT.....	15
Holocene fan deltas in a «Ria» morphology. Prograding clinoform types and sea-level control, por L. SOMOZA y J. REY.....	37
Fan-delta slope deposits and sequences in the Murcia-Carrascoy Basin (Late Neogene, S.E. Spain), por C. J. DABRIO y M. D. POLO.....	49
The deltaic complex of St. Llorenç del Munt (Middle-upper Eocene, SE Catalan basin), por E. MAESTRO-MAIDEU.....	73
Effects of sea-level changes on a wave-worked Gilbert-type delta (Late Pliocene, Aguilas Basin, SE Spain), por C. J. DABRIO, T. BARDAJI, C. ZAZO y J. L. GOY.....	103
A comment on modelling the paleogeography of confined and unconfined marine Gilbert-type deltas, por T. MUTO y H. OKADA.....	139

Neogene fan deltas in the northern Guadalquivir basin (Andújar, Jaén, Spain), por J. I. SANTISTEBAN NAVARRO y A. MARTIN-SERRA-NOGARCIA.....	163
Composition and provenance of the rudite and arenite facies in a fore-land basin, northern Marcheian Apennines, Italy, por N. CAPUANO....	185
The sedimentological significance of a clastic wedge in the western basin margin of the Triassic Tethys (Iberian Range, Spain), por S. GARCIA-GIL.....	209
Oligocene-Miocene lacustrine rudite-dominated alluvial-fan delta, southwest Montana, U.S.A., por R. M. FLORES y J. M 'GONIGLE...	241
Development of a lacustrine terminal fan and a coarse grained delta in the tertiary Daban Basin (Northern Somalia), por E. ABBATE, P. BRUNI y M. SAGRI.....	279
A lacustrine fan-delta system in the Pliocene deposits of the Guadix Basin (Betic Cordilleras, South Spain), por J. FERNANDEZ, B. J. BLUCK y C. VISERAS.....	299
A method to calculate the accumulated volume of transported masses, por M. POOL.....	319
Neogene and Quaternary fan-delta deposits in southeastern Spain. Field Guide, por C. J. DABRIO, C. ZAZO, J. L. GOY, C. de SANTISTEBAN, T. BARDAJI y L. SOMOZA.....	327
Final Report of the II Fan-delta Workshop. Murcia, Spain-1990, por C. J. DABRIO.....	401
