DIALOGUE AND DISCOURSE

www.dialogue-and-discourse.org

Dialogue and Discourse (D&D) is a peer-reviewed open access journal dedicated exclusively to work that deals with language "beyond the single sentence". The journal adopts an interdisciplinary perspective, accepting work from Linguistics, Computer Science, Psychology, Sociology, Philosophy, and other associated fields with an interest in formally, technically, empirically or experimentally rigorous approaches.

Managing Editors

Gregory Aist, Iowa State University
Ellen Bard, University of Edinburgh
Susan Brennan, S.U.N.Y. at Stony Brook
Matthew Crocker, Saarland University, Saarbrücken
Barbara Di Eugenio, University of Illinois at Chicago
Raquel Fernández, University of Amsterdam
Jonathan Ginzburg, Université Paris-Diderot, Current Editor-in-Chief
Tim Paek, Microsoft Research
Massimo Poesio, University of Essex and University of Trento
David Schlangen, Bielefeld University
Amanda Stent, AT&T Labs -- Research
David Traum, University of Southern California

Vol 2, No 1 (2011)
Special Issue on Incremental Processing in Dialogue

Introduction to the Special Issue, by Hannes Rieser, David Schlangen

Talking in another person's shoes: Incremental perspective-taking in language processing, by Sarah Brown-Schmidt, Joy E. Hanna

Active prediction of syntactic information during sentence processing, by Zeynep Ilkin, Patrick Sturt

Locality in German, by Shravan Vasishth, Heiner Drenhaus

A General, Abstract Model of Incremental Dialogue Processing, by David Schlangen, Gabriel Skantze

Evaluation and Optimisation of Incremental Processors, by Timo Baumann, Okko Buß, David Schlangen

Incremental interpretation and prediction of utterance meaning for interactive dialogue, by David DeVault, Kenji Sagae, David Traum

Incrementality and the Dynamics of Routines in Dialogue, by Andrew Gargett

Incrementality and intention-recognition in utterance processing, by Eleni Gregoromichelaki, Ruth Kempson, Matt Purver, Gregory James Mills, Ronnie Cann, Wilfried Meyer-Viol, Patrick G.T. Healey

An Incremental Model of Anaphora and Reference Resolution Based on Resource Situations, by Massimo Poesio, Hannes Rieser

On Incrementality in Dialogue: Evidence from Compound Contributions by Christine Howes, Matthew Purver, Patrick G. T. Healey, Gregory Mills, Eleni Gregoromichelaki

Incremental sentence production inhibits clausal coordinate ellipsis: A treebank study into Dutch and German, by Karin Harbusch
