Appendix

Taxonomic nomenclature.- Unless otherwise stated, nomenclature of taxa is according to Flora Europaea 1-5 (T.G. Tutin, V. H. Heywood & al. (Eds.), Cambridge Univ. Press. 1964/2001) or Med-Checklist 1, 3 & 4 (W. Greuter, H.M. Burdet & G. Long, Conserv. Jard. Bot. Genève. 1984/2008). Flora iberica 1-8 & 14 (S. Castroviejo & al. (Eds.), Real Jard. Bot. Madrid-C.S.I.C. 1986/2010) is a further nomenclatural reference for papers concerning Iberian vegetation.

Abbreviations.- The International Code of Phytosociological Nomenclature (Weber H.E., Moravec J. & Theurillat J.P., J. Veg. Sci. 11(5): 739-768. 2000) is referred to as the ICPN.

Publication rules.- Manuscripts should be sent to Lazaroa (Phytosociological Nomenclature Section). Publication rules are the same as for Lazaroa, except for the text format specifically adopted in this Section. It is recommended that all papers implying nomenclatural changes should enclose a copy of all relevant original sources.
