

Appendix S1

Voucher specimens of *Erigeron* studied in the present work. For each specimen, the following information is provided: province, locality, 1x1 km UTM grid square (ED50 Datum), elevation, site description, date of collection, collector/s, and herbarium code. Additionally, when voucher specimens were originally given a different name, the original name is included as “sub. original identification”.

Erigeron floribundus (Kunth) Schultz-Bip.

SPAIN. ÁLAVA: Arceniega, 30TVN8974, 192 m, disturbed soil, 30/10/2012, *J.A. Campos et al.*, BIO-50923; Ayala, between Respaldiza and Okondo, 30TVN9672, 250 m, ruderal land, 11/09/2012, *J.A.
